

2011-2012 Competition Policy

1. General

All competitions sanctioned by SACA shall be played under the “Rules for Officiated Play” as specified by the current edition of the Rule Book as published by the Canadian Curling Association; except as modified by this Competitions Policy. Curling is based on a code of ethics, good sportsmanship and personal integrity. You are expected to follow this tradition throughout the competition.

- (a) It is understood that by entering the selected Playdown, the entire team agrees to follow the rules and policies of the SACA, ACF and CCA. Failure to comply will result in disqualification from all competitions and could mean future suspensions. It is the responsibility of team members to familiarize themselves with the rules and policies of the competition. This Policy is posted on the SACA web site. Copies are available from the SACA office upon request.
- (b) All interpretations and decisions during a Playdown will be made by the SACA Chief Umpire or designate(s). For sanctioned events, the Chief Umpire will be appointed by the SACA Head of Officiating and shall be responsible for rule enforcement and interpretation. All decisions made by the Chief Umpire or SACA designate will be final except in matters involving disciplinary action. The SACA Board of Directors shall be responsible for all matters involving disciplinary action. Appeals are to be made in writing, through the SACA office to the Board, whose decision is final.

(Full time students will be allowed to establish residency by providing a confirmation letter from their school's Registrar's Office)

Residency exemptions may be granted by the SACA Board of Directors for members of the armed forces, university, college students or in circumstances where individuals reside outside the jurisdictional boundaries of the ACF, but are within reasonable traveling distance from a border, and are a member in good standing of a SACA affiliated club.

Any exemptions must be approved by the SACA Board of Directors on the basis of a written request for approval received at the SACA office a minimum of ten (10) working days prior to the entry deadline. Written requests should be submitted with information supporting the applicant's grounds for exemption. The SACA may require additional information be provided to substantiate any exemption request.

Upon an infraction of these provisions at any time during the progression up to, and including the Provincial, the entire team shall become ineligible for further competition

All four (4) players members must be in good standing with an affiliated curling club of the SACA and all members are in good standing with an affiliated curling club within the jurisdiction of the Alberta Curling Federation

It shall be incumbent on the affiliated curling club that a participant proposes to represent, verify and endorse that such individual is a "member in good standing". To preserve the integrity and viability of affiliated curling clubs, to enhance local / regional interests in zone playdowns, and promote local interest in the sport of curling, a "member in good standing" must be an individual who is a paid participant at the curling club they choose to represent as of December 1st of the current year.

Each participant shall not have competed in a Playdown of the same category of another curling jurisdiction during the current season.

4. Substitution

Teams must confirm their roster (including throwing order) of 4 players prior to the first game and must play with at least 2 registered players. A team may play with 3 players and the first 2 players will deliver 3 stones each.

SPARE: A temporary player used on a game by game basis and may play any position and must meet all eligibility rules of the competition. The original player may return to the team at the beginning of a subsequent game. A spare shall not be a registered member of another team competing at that level of Playdown. (Players already eliminated from the event are NOT permitted to spare.)

REPLACEMENT: Must continue with the team to the next level of competition and sign the SACA intent form – Only 1 replacement player per team. A spare or replacement player must meet all eligibility rules of the competition and may not be registered on another team at the same Playdown level – **ELIGIBILITY IS THE RESPONSIBILITY OF THE TEAM.** Teams winning a berth to the Southernns will sign a SACA intent form stating the four players that will compete at Southernns/Provincials. If two or more players of a winning team are unable to continue to the next level of competition, a runner-up may continue in their place.

- a) Circumstances that allow for a replacement prior to a competition are as follows:
- Illness
 - Injury
 - Death or serious illness in the family
 - Birth of a child
 - Jury Duty
 - Presence in a judicial matter as required by law
 - School Examinations
 - Employment commitments

Vacation or another curling commitment (fan, player or coach) will not be considered an acceptable reason for not participating in a provincial event.

If a team requires a permanent replacement, they must meet the criteria as described above, and the permanent replacement must play one position lower in the throwing order. (ie. If the permanent replacement required for Southern is for a skip, that replacement must play third, second or lead for the entire Southern playdown. If that team wins and proceeds to Provincials, the team positions can be changed.). In the event a second is being replaced the replacement player will be allowed to play lead or second.

In the event that, after the start of competition one or more players on a team are unable to continue to play due to illness or other extenuating circumstances as deemed reasonable by the Chief Umpire, a temporary substitute or substitutes may be used. **(Teams MUST have a minimum of two original members participate in each game – otherwise the game(s) will be forfeited).**

For Mixed play, a substitute must be used, as a team may not play with three players.

Fifth players are NOT ALLOWED at District and Southern playdowns and are only allowed in the Men's & Women's competition commencing at the Provincials.

At Provincial Men's and Women's Championships, teams will have the following two options to choose from:

- a) Teams may name four players and in the event a substitution is required, will be able to access the spare pool provided by the host committee. If victorious the team may choose any eligible player as their 5th player for the National Championship, however, they must be prepared to name the 5th player following the final game.
- b) Teams may name a five-player team following qualification from the regional championship. If a five-player team is named it is understood the team will not have access to the spare pool and if the team is victorious, the five-player unit moves on to the national championship as a whole. No substitutions will be allowed to the team lineup following the provincial championship. Fifths must be named and paperwork signed at least 72 hours prior to the championship.

5. Game Format

All sanctioned events, except Juvenile, Bantams and Masters will be 10-end games. Juvenile, Bantam and Masters events will be 8-end games.
